

ICAN2 Membership Application Form

ICAN2 provides targeted and preventative level support for children and young people where disability has a moderate or severe impact on day-to-day life. ICAN2 activities are commissioned by the local authority, specifically designed for children and young people with moderate, severe, and profound disabilities who are unable to access universal/universal plus services.

ICAN2 short breaks activities include:

Youth clubs

Youth clubs provide opportunities for children and young people to socialise in a safe environment with support and supervision.

Sports and Leisure

Sports and Leisure provides children with an opportunity to come and get active in a safe and reassuring environment. The aim for the sessions is to support children to access a variety of sporting and leisure activities whilst making new friends and supporting their self-esteem and confidence. Sessions include, but are not limited to sensory activities, basketball, football, team games, swimming, skiing and tubing.

Arts and Crafts

Arts and Crafts sessions include, but are not limited to, messy crafts, sensory jars, clay modelling, t-shirt designing, painting and paper-mache art.

Children with Disabilities Register

The Children Act 1989 requires all local authorities to establish a register of children with a disability in their area. Although inclusion on the register is optional, we encourage registration as this helps Telford & Wrekin Council and partners understand more about the needs of children with disabilities across the borough, plan for the future and ensure residents' needs are met. The Children with Disability register is maintained by Children with Disabilities Team, however, inclusion on the register does not relate to eligibility for a service and support from the Team or ICAN2 membership.
